Subject: Updating Assessor's list for Undergraduate / Postgraduate / Super Specialty Courses- eligible teachers - Reg.

Dear Sir/Madam,

Greetings from the Medical Assessment and Rating Board (MARB) of the National Medical Commission (NMC). As you are aware, the National Medical Commission (NMC) has been bringing in the reforms and rating the colleges and is in the process of gathering information from different sources. Therefore it has been updating the Assessors list from the senior faculty of government run medical institutions.

We are writing this letter for your support and participation in updating the list of eligible Under Graduate / Post Graduate / Super Specialty assessors.

It has been observed that the assessors play a passive role by accepting the information from the colleges rather than finding the factorial information and making the remarks based on their observations.

The Medical Assessment & Rating Board (MARB) relies on our assessor's information for taking appropriate decisions. Hence much emphasis is laid on the fact that they should have integrity and uprightness to bring the facts to our notice. There is a need to identify dependable and wide pool of assessors from every subject.

Therefore, you are requested to submit the details of Professors, Additional Professors and Associate professors (with 6 years of teaching experience) who are willing to take up the assignment of being assessors for the Medical Assessment & Rating Board (MARB). The proposed individuals' names should have integrity and uprightness to bring forth the facts to the Commission. You are requested to identify dependable and wide pool of assessors from every subject, in your institution. It is further informed that no Non-Medical faculty as well as person due for superannuation in 2022-2023 shall be recommended for the assessors list.

You are requested to fill the annexed "Declaration Form" with details of UG / PG /SS assessors from your institute. They also should be interested to accept the invitation to
